Hurricane Relief Report

As of this writing, two teams have gone from Southeastern Association to help the people in Pascagoula, Mississippi. On September 24th, thirty-five left and on October 1st, fifteen left.

We still need supplies to replenish teams as they go. A list is found on our website under Hurricane Relief. We also need offerings to help defray the cost of fuel for the vehicles and purchase of materials needed but not donated. As with NAMB, 100% of donations given will go to support these teams.

We hope to send teams every Saturday through December 3rd. That means nine teams each with from fifteen to twenty people. We will begin scheduling trips and dates often so those trips will be in the November newsletter.

Pray for our teams and the people to whom they minister. You must remember that only about 35% of the area to be addressed is available for us. New Orleans will be the big one and they won't be ready for help until mid-October. We could well be looking at a full year of relief.

Call the Association's office if you would like to go and have not yet been trained. We will work it out with you, possibly training you on the way down.
